Since 1996, We've Never Cut Corners

Bawany Enterprises has been part of Pakistan's mobile phone industry for almost thirty years, starting as a distributor in 1996 and growing into the company that brought Infinix to Pakistan for the first time in 2015. Every phone we sell is authentic, fully PTA approved, and backed by real support after the sale.

Where It All Started

We didn't show up overnight. Bawany Enterprises began in 1996 with mobile phone distribution, running through a network of retail and wholesale shops across Pakistan. That early groundwork is still the reason people trust us today.

Then in 2015, we did something that changed everything for us, we became the first official distributor to bring Infinix into Pakistan. That one decision put us on the map, and we've spent every year since living up to it.
